

REMARKS

In the Restriction Requirement, the Examiner restricted claims 1-31 into the following two groups: (I) claims 1-9 drawn to an electrical connector for an electronics substrate, and (II) claims 10-31 drawn as being to an electronic component engaging and disengaging mechanism for a computer device.

Although Applicants do not necessarily agree with the Examiner's reasons for restriction, Applicants elect to prosecute claims 10-31 of Group II. Therefore, Applicants have canceled claims 1-9 without prejudice for possible inclusion in a divisional application. Upon entry of the amendments, claims 10-31 will remain pending in the present application. Respectfully, Applicants request reconsideration and allowance of all pending claims.

Conclusion

If the Examiner believes that a telephonic interview will help speed this application toward issuance, the Examiner is invited to contact the undersigned at the telephone number listed below.
